

Learning outcomes grid

Grids for each section identify learning outcomes for each topic area in progressive stages, starting with the first stage, 'Encountering', through to the final stage, 'Enhancement'. Each column builds on the one before, assumes that the pupil has met the previous column's outcomes, and in some cases introduces new or additional learning in successive columns.

Encountering	Foundation	Core	Development	Enrichment	Enhancement
effective engagement in the learning process	underpinning learning	fundamental learning elements	increasing understanding of learning	deepening of application of learning	applying learning in different contexts

Opportunities are presented for pupils (where appropriate/possible) to:

- Experience taking and sharing responsibility.
- Feel positive about themselves and others.
- Reflect on their perceptions and experiences.
- Develop the understanding, language, communication skills and strategies required to exercise personal autonomy wherever possible.
- Carry out or take part in daily personal living routines.
- Make real decisions (with support where necessary so that they can act upon them).
- Take part in group activities and make contributions.
- Develop and maintain positive relationships and interactions with others.
- Recognise and celebrate their achievements and successes.
